Occupational Therapist

Description

We are a private Occupational Therapy practice and are experts in using myofascial release, as well as other complementary modalities. We successfully help our clients achieve their health and wellness goals. Molly McMillan, OTR/L, owner is one of only 10 presenters for MFR seminars internationally. A big benefit for working at MMFR is the onsite training and ongoing mentoring she provides for our O.T.'s. We work with clients of all ages and diagnoses. We have a reputation for being great at what we do, and we have a waiting list. MMFR is a small practice offering an opportunity for a close-knit team centered approach for ourselves and our clients. Keene, NH is nestled in and is the hub of the Monadnock region. It's a beautiful town with a lot of outdoor and cultural offerings and has a supportive community. If you are someone who:

- Has been trained in John Barnes, MFR or other complementary manual therapy, and who is excited about learning more
- Enjoys working with and has the confidence to work with clients of all ages and diagnoses
- Enjoys working in and is good at working in a small and team oriented environment

If this sounds like you, please send me your resume and a letter of intention. Molly McMillan, owner.
